PAST MONTH

This past month our Sunday School numbers were down a few Sundays in April giving us an opportunity to utilize our older students as leaders for our Pre-K students. This was a great opportunity and am so proud of our 5th grade students for being great leaders.

Our high school youth known as Go Deep, met in April at The Escape Room and we followed with fellowship at The Fajita Place. What a great group! We had 11 youth attend this event.

Cross Training (our middle school youth) did not meet in April as we connected through confirmation and service projects.
